WASHROOM & LOCKER SOLUTIONS FOR EDUCATION

Aaztec are fully committed to raising the standard of school washrooms nationwide. We have worked directly with schools for over 30 years and have an unrivalled understanding of the demand of a washroom in an educational environment. We work with bursars and estate teams to provide outstanding washroom facilities, helping with product selection, layout design and cost reduction during refurbishment schemes.

It is important to provide clean, safe and hygienic washrooms for children in all levels of education. A priority for preparatory schools is to provide fun but safe and welcoming washrooms as they play a crucial part in a child's personal development. A safe environment is still required at a more senior level but older students require a more modern and sleek look with durability and privacy in mind.

Modern washroom facilities can enable schools to provide washrooms that expose users to fewer germs, conserve water, use energy more efficiently and clean surfaces more effectively.

Aaztec offers a full design service to ensure every cubicle or washroom fits your exact needs in terms of look, feel, materials and durability. We can also advise on DDA compliance and provide finishes and fittings to complement and enhance any design or colour scheme. The high-tech manufacturing capabilities at our factory

enable Aaztec to produce any volume of product, from a highly bespoke 'one off' piece, to large quantities for high footfall areas. Every item we produce has our quality guarantee for complete customer satisfaction.

Our accreditations and proficiency enable us to deliver supply only products for contractors to install or manage complete installation or refurbishment projects from start to finish. Our installation teams are highly skilled, experienced and committed to ensuring that your washroom products are fitted correctly, and you are entirely satisfied.

Aaztec is a strategic partner trusted by construction professionals, facility managers and business owners to deliver excellent service and value throughout every stage of a project.

CASE STUDIES

BOOTHAM
SCHOOL

CASE STUDIES

Aaztec's **MARINE** cubicles and **TRIDENT** lockers at Bootham School, York

Founded by Quakers in 1823 and based in the heart of York, Bootham is a friendly and inclusive co-educational day and boarding school for pupils aged 3-18. The school pride themselves on their commitment to the individual needs of each pupil and the excellent facilities they can offer their students; and the lockers and washrooms are no exception.

As part of the estate's refurbishment programme, Aaztec worked on a unique project to locate 148 senior school lockers under an external canopy in the playground area. The lockers had to be vandal resistant, waterproof, resilient to varying temperatures and sunlight, as well as being user friendly and simple to operate. The programme also included work on the washrooms in the senior school area. Colourful Marine SGL cubicles were specified, along with Solid Surface wash trough vanity units and stylish sensor taps, giving a clean and contemporary look.

Craig Pierotti, the Estates Manager at Bootham School commented *"The client changed the plan towards the end of the design period and Aaztec bent over backwards to accommodate the new plan requests and completed the project on time despite many modifications. We're delighted with the results and student feedback has been excellent. I would highly recommend them to any school considering new washrooms or lockers."*

CASE STUDIES

Aaztec's **TRIDENT** lockers with **MARINE & PENGUIN** cubicle ranges at Colfe's School, London

Founded in 1652, Colfe's School is a progressive and vibrant co-educational independent day school in Horn Park, south-east London. The dynamic school favours innovation therefore modern washroom and locker facilities were top priorities in their various refurbishment programmes.

Aaztec's Penguin cubicles with ski-slope top doors were installed in the nursery in a vivid multi-coloured design, whilst our popular Marine range cubicles were selected for senior student washrooms, as well as staff washrooms, shower and changing areas. Aaztec were also able to supply unique solid surface worktop units which were paired with barstools and used in student common rooms and study areas.

Another major project at the school was the installation of 282 lockers banked along an outside corridor space. Trident lockers were the ideal choice as they had to be durable, vandal resistant, UV resistant, waterproof and user-friendly.

Martin Scobie, Operations Director at Colfe's School commented "Aaztec's products are always of excellent value and the highest quality. Our washroom facilities are smart, bright, colourful and our students really enjoy using them. The lockers are particularly favoured amongst our pupils as they not only look fantastic but have made the outside corridor a now well-used area. We are delighted with the finished results and have received nothing but praise from our students, staff and visitors."

COLFE'S SCHOOL

CASE STUDIES

Aaztec's **MARINE** cubicles at Royal Russell School, Surrey

Royal Russell School was founded in 1853 and is set on a 110-acre parkland campus, just 30 minutes from Central London. Royal Russell is proud to have enjoyed Royal Patronage from its foundation and prides itself on being a happy, vibrant and forward-looking community that provides their students with an outstanding range of exciting opportunities.

A new boarding house was developed in 2017 and Aaztec products were selected to be installed in the washrooms, shower rooms and laundry storage areas. Marine SGL cubicles were selected for both the washrooms, in a contemporary mint green and grey colour scheme, and the shower areas in a woodgrain, grey and blue colour scheme. The same hardwearing material was used for the laundry storage units where the boarding students can collect their clean laundry.

Colin Leggatt, Assistant to Director of Operations, commented *"We are absolutely delighted with the washrooms Aaztec produced for our new boarding house. They are modern, stylish, practical and have been warmly received by our students and staff. We would recommend Aaztec to any school looking to redevelop their facilities and would not hesitate to use them again for future projects."*

ROYAL RUSSELL SCHOOL

Aaztec's **TRIDENT** lockers with **MARINE & PENGUIN** cubicle ranges at The Perse School, Cambridge

Founded in 1615, The Perse School is a traditional yet innovative co-educational independent day school based in the city of Cambridge. Alongside their academic credentials, the health and happiness of their 1,580 students is of high importance and creating a safe and vibrant school environment is key.

The Perse School have selected Aaztec to provide their washroom and lockers solutions on various projects for many years. Our Penguin range cubicles were installed in the Pelican nursery in a calming blue and white colour scheme, whilst vibrant oranges and reds were selected in our Marine range for the washrooms in the Upper school's theatre block. Aaztec have also supplied lockers in all shapes and sizes, from book lockers in outside corridor spaces to kit lockers and benches in the sports hall. Aaztec were also able to supply storage cubes for the sixth form common room to provide additional safe spaces for students to keep their belongings.

Jackie Sharpe, Estates Manager at The Perse School commented "Aaztec's SGL cubicle and locker ranges are a proven high quality, durable product from a trusted provider that we have worked with for years and we are always able to tailor them to suit our exact needs. We would highly recommend Aaztec to any school looking to refurbish or install new toilet and locker facilities."

THE PERSE SCHOOL

Aaztec's **MARINE** cubicles and **SHOWERPODS** at Worksop College, Nottinghamshire

Worksop College was founded in the late 1890's and is set in the heart of North Nottinghamshire's rural landscape. With their focus firmly on progress and pupils' individual aspirations and futures, the quality of their facilities is an important aspect of creating an exceptional environment.

Aaztec have worked with the Worksop team on several washroom refurbishments over the past eight years, including three boarding house wet room refurbishments and most recently, a high-quality refurbishment of the visitor toilets. The school wanted a reliable product and selected solid grade laminate for their washrooms along with solid surface Corian vanity units to ensure lasting results and durability.

Ian Barnes, Director of Operations at Worksop College, commented "We have used Aaztec for our washroom solutions for many years. They consistently provide a top-quality product and continue to exceed our expectations. The team are always on hand to give helpful advice and we would highly recommend them to any school looking to develop their washroom and boarding facilities."

WORKSOP COLLEGE

VANITY UNITS are available to suit our complete range of cubicles and washroom systems

Vanity units are available using our complete range of materials including solid grade laminate and high pressure laminate. They can also be constructed from solid surface materials such as Corian, as well as an innovative range of recycled materials.

They are available in various heights and depths, suitable for various basin styles and even compatible with solid surface or stainless wash troughs, ideal for educational environments.

VANITY UNITS

A contemporary, yet highly practical installation; our solid surface **WASHTROUGHS** are the perfect solution for education environments

Not only are our washtroughs extremely hardwearing and durable, but they are also visually stunning and offer maximum flexibility and efficiency.

Solid surface is hygienic and easy-to-clean as well as being highly attractive, adding a touch of luxury to any washroom.

Our Solid Surface is available in a wide selection of colours including classic whites, brights and speckled natural stones.

WASHTROUGHS

DUCT PANELS to conceal pipework and complete the design

Aaztec's duct panels can be manufactured in a variety of our panel materials to complement and enhance any washroom. These panels provide space for concealed cisterns, thermostatic valves or general pipework, maintaining a designed appearance and providing a clean, attractive finish to the walls.

They can be fitted with or without flash gaps, in contrasting or matching colours. Panels can be push fit, lift off, hinged, securely fastened or lockable to best suit your maintenance preferences.

DUCT & ACCESS PANELS

Aesthetic and easy to clean WALL PANELS

Wall panels are a popular way to replace tiles and decorated walls with a hard wearing, and in most cases, a waterproof surface that's hygienic and easy to clean with no grout lines to harbour mould and bacteria.

The panels come in a wide range of surface finishes and colours to complement any washroom interior and are ideal for wet shower areas.

WALL PANELS

An extensive range of stylish sanitaryware and washroom **ACCESSORIES**

We supply many leading brands of sanitaryware, from full ranges to individual pieces. From wall hung pans to eco flushing cisterns, sensor taps to practical wash troughs, showers to urinals – Aaztec have the ideal solution.

Washroom accessories are available to match and complement all of Aaztec's cubicle and panel ranges, such as energy efficient hand driers and automatic soap and paper towel dispensers.

SANITARYWARE & ACCESSORIES

Bespoke **FURNITURE**; anything from a single desk to a complete FF&E package

With Aaztec Furniture, we can supply anything from a single desk to a complete FF&E package

We can create bespoke items to fit exact spaces and individual requirements right through to equipping an entire school.

Everything from tables and desks, chairs and seating, early years furniture through to storage solutions, science labs and IT teaching rooms.

Just as every school, college or academy is unique, so are the solutions we can offer. We can work closely with you from the design stage through to delivery and installation or, if you prefer, can offer on a supply only basis for you to set out and install yourselves.

FURNITURE

Strong and secure, our wide range of **LOCKERS** and **BENCHES** are perfect for changing room and cloakroom areas

Lockers come in a huge range of configurations, ranging from standard to heavy duty use, suitable for wet or dry environments, and mini ones designed to store small personal valuables. These can be incorporated into changing areas or 'banked' along an outside wall.

Made-to-measure, our bench systems provide exceptional long-life solutions for cloakroom and changing rooms.

LOCKERS & BENCHES

Fully enclosed **SHOWERPODS** maximise both space and privacy

Fully enclosed showerpods maximise both space and privacy. Aaztec are partnering with Taplanes to bring you shower facility solutions for your washroom project. The pods provide a completely waterproof and private environment in which to shower. Size, shape and specification details can be tailored to suit.

We can provide an external façade to seamlessly integrate the pods and complement the overall washroom design. Shower pods are ideal for modernising existing communal showering facilities where privacy is essential.
